The Gustavo Wensjoe Endowed Memorial Fund was established in 2009 to honor the memory and legacy of Dr. Gustavo Wensjoe. He is fondly remembered as an exceptional professor, mentor, colleague and visionary who dedicated his academic career to promoting global understanding through higher education. As Director and faculty member of the Center for International Studies at the University of St. Thomas, he worked passionately to develop the Center and build its Study Abroad Program into a nationally ranked curriculum. Dr. Wensjoe championed studying abroad for UST undergraduate students as an essential component of the academic experience in an increasingly interdependent world.

The purpose of this endowment is dedicated to providing financial assistance to UST undergraduate students for participation in an academic study abroad program.
